Receive email care reminders

Set up proxy accounts for children and dependent adults

24/7 online access from any computer, smartphone or tablet!

Create your FREE portal account using your smartphone and you can access your medical records before you leave our office!

Make more informed health decisions for yourself and your family.

Save valuable time with online communication and scheduling tools.

Manage your entire family's healthcare in one spot.

Check your personal records anywhere, anytime using a computer, smartphone or tablet.

Get started... it's as easy as 1,2,3

1

Click the registration link in the email you receive from **noreply@followmyhealth.com**

2

Create your portal login using a unique username and password.

3

Enter the invitation code provided by your medical organization (Last four digits of your Social or Birth Year) and click "Agree" to the release of information.

You will receive two emails:

- one welcoming you to the portal
- one confirming your connections with our organization

You now have 24/7, secure online access to our patient portal and your medical information!

Access your medical information on the go!

Download the free portal app at your Apple or Android store.

Enter FollowMyHealth in the search field.
