

Welcome To Breast Care Specialists!

Please read and complete this packet PRIOR to your visit to avoid delays at the time of your appointment. If your insurance policy requires a referral to see our doctors, please ensure that your PCP office has completed the referral and sent a copy to our office prior to your visit. Failure to have the referral may result in a delay of your appointment.

Please arrive at our office 30 minutes prior to your scheduled appointment time.

We are pleased to welcome you to our practice. Our practice is very unique in that we can diagnose and treat most breast problems in one or two visits. However, in order to accomplish your diagnosis and treatment properly, we must have certain information at the time you check in.

1. PLEASE COMPLETE ALL PATIENT INFORMATION AND HEALTH SURVEY FORMS ENCLOSED.

- Please fill them out and bring them with you to your first visit.
- If you experience difficulty understanding or answering any of the questions on the Health Survey form, please leave the answer section to the question blank. We will be please to assist you with anything you did not understand when you come in.

2. PLEASE BRING TO YOUR APPOINTMENT ANY MAMMOGRAM, ULTRASOUND FILMS AND REPORTS TAKEN AT ANOTHER IMAGING FACILITY.

- You probably cannot be seen if you arrive without these films and reports since they are necessary for the doctor to use in making her diagnosis.
- Films mailed to ultrasound may take three weeks to arrive. If films were taken at a facility in town, please pick them up and bring them with you. Films coming from out of town may be sent via an express carrier mail if your appointment is less than 3-4 weeks away. To check whether films have arrived with ultrasound, please call and speak with our film librarian, 404-255-8086, ext. 266.

3. IF YOU HAVE AN HMO OR POS TYPE OF INSURANCE PLAN YOU MAY BE REQUIRED BY YOUR INSURANCE COMPANY TO OBTAIN A REFERRAL AUTHORIZATION TO BE SEEN AT OUR OFFICE.

- Some plans allow the referring physician to issue the referral. Other plans require the referral to come from the patient's primary care physician. You should contact your insurance carrier if you are uncertain which kind of plan you have.
- Please note, WE DO NOT PERFORM "ROUTINE" OR "SCREENING" MAMMOGRAMS. "Preventive care" mammogram benefits, usually, do NOT apply to services received in our office. If you call to speak with a representative at your insurance company, be sure the person you speak with understands this is a DIAGNOSTIC facility and that we perform only diagnostic mammograms and sonograms (ultrasound).
- If you do need a referral authorization, please ask your physician's staff to fax a copy to our office AND send a copy to you to BRING WITH YOU. (We have experienced delays with faxed referrals). Our contracts with managed-care insurers do not allow ultrasound to see you without an appropriate referral authorization. If you arrive for your appointment without a referral, your insurer may not cover the cost of treatment for a diagnosis, including cancer, made during a non-referred visit. Should you have questions about what should be included in your referral, our referral coordinator will be glad to help you. You can reach her at telephone extension 208.

Please allow plenty of time for your appointment, usually 3 hours. We are a diagnostic center and serve only high-risk patients. Often, imaging and examination reveal problems requiring immediate, unscheduled procedures. Please be assured that you will receive the same time and attention as the patient before you.

Written directions and a map to our office are enclosed. Please call us at 404-255-8086 if you have questions or need further information.

Our Financial Policy

We are committed to providing you with the best possible care and we are pleased to discuss our financial policy at any time. Please ask us if you have any questions about our financial policy or your financial responsibility.

All new patients are asked to complete a Patient Information Form prior to being seen by the provider. We ask that you complete all of the information including your insurance information. We will also ask to make a copy of a picture i.d. and your insurance card to remain a permanent part of your chart.

INSURANCE COVERAGE & PATIENT RESPONSIBILITY

You are responsible for co-payments, co-insurance, non-covered services, or any patient responsible balance at the time of service. If you are covered by a plan in which we participate as a provider, we will file your insurance claim. In the event your insurance company does not pay the full balance, we will notify you so that you may contact your insurance carrier to resolve your account. Be advised that some insurance companies treat coverage for diagnostic imaging differently than screening imaging and it may be subject to your plan deductible. Please refer to your specific plan document and coverages for your benefits. Please remember payment responsibility rests with the patient, if no coverage exists for services performed.

- All non-covered patients are expected to pay for services in full at the time services are rendered.
- Please advise the office personnel of any changes in your insurance or mailing address.
- Payment arrangements can be negotiated prior to services being rendered. Please ask for assistance, if required.

Should it ever become necessary to use the services of an outside collection agency to collect your account, you could be responsible for any costs incurred for that purpose.

REFERRALS

If your visit requires a referral from a primary care provider, we will alert you via phone prior to your visit and offer our assistance. **IF YOU DO NOT HAVE A REFERRAL FOR TODAY'S VISIT...** you should reschedule immediately. Should you choose to be seen without a referral, you understand that the charges incurred may be uncovered and that any diagnosis resulting from the encounter may also be uncovered and may prevent future services from coverage (i.e. surgery).

ASSIGNMENT OF BENEFITS

I hereby authorize Breast Care Specialists, LLC to bill my insurance company directly for the services rendered. I understand that I am financially responsible for charges not covered by my insurance company. I authorize any holder of medical or other information about me to release to the Social Security Administration, intermediaries, other providers of treatment or procedures, or intermediaries needed for this or a related claim. I permit a copy of this authorization to be used in place of the original and request for payment of medical benefits either to myself or to the party who accepts assignment of benefits.

WORKERS COMPENSATION

Worker's compensation patient will be seen only after the proper authorization and documentation has been received.

UNACCOMPANIED MINORS

The parents or guardians will be responsible for the full payment unless covered by a participating managed care plan. Authorization to treat an unaccompanied minor must be on file.

We thank you for carefully reading this financial policy. We trust that you understand its contents. If you have any questions, please feel free to ask. Please sign below to indicate your understanding and acknowledgment of this policy.
